

08 February 2010

Dear Parents/Guardians,

We are currently revising our Learn Together Curriculum here at GETNS. As you are aware there are 4 strands to this curriculum, Moral and Spiritual, Equality and Justice, Belief Systems and Ethics and the Environment. I would like to extend a very warm welcome to the parent body of GETNS to join with me in drawing up additional resources for our curriculum. If you have a special interest in any of the above strands and would like to share some ideas (practical if possible) for lesson plans, I would be delighted to receive these. If you have any graduate or post graduate work or experience with any of the strands, I would be especially delighted to hear from you.

It may happen, that your ideas may not be suitable for inclusion this year, but will inform future planning teams and thus encourage continual growth and renewal in our Ethics Programme

Thanking you in advance.

Geraldine
Vice Principal GETNS
EEP Coordinator
