National School

In preparation for the St.Patrick's day parade the children will be making various objects from recycled materials next week, starting Monday.. Anna Rosenfelder is a professional puppeteer whose son Till is in junior infants. She will be working with the younger children to create magical birds and butterflies for the children to hold in the parade. Sarah Kernaghan who runs our after school club will be working with the older students to make flowers from recycled milk jugs and buttons. We would like to ask parents to contribute buttons and colored plastic bags(the flimsy variety) to be used in the creation of the artwork. Paul Sharkey has already pledged to provide all the empty plastic milk jugs we would need. All donations can be sent in with your children and given to the class teacher.

There is a case of measles in Edel's Junior Infant class.
